Oversikt

Scuba divers travel to find three things: dramatic walls, lush coral reefs and exciting animal encounters - and the Bahamas Out Islands offer all this! Warm, turquoise crystal-clear waters and drop-offs close to shore make these islands a diver's dream. Mysterious blue holes and caverns, shipwrecks and vibrant living reefs, soaring wall dives and thrilling shark encounters all await both novice and experienced divers.

Reiserute

- Day 1 Saturday: Arrival at Freeport Airport. The yacht will dock in and out of Old Bahama Bay at the Old Bahama Bay Resort
- Day 2-7 Sunday - Friday: Diving (5 dives a day), eating, sleeping and enjoying Bahamas. Friday is half day of diving.
- Day 7 Friday Afternoon: – 1:00 pm – 3:00 pm return to Port
- Day 7 Friday Evening: Cocktail party onboard 6:00 pm.
- Day 8: Saturday: Check out 8:00 am.

The islands of The Bahamas are sprinkled over 100,000 square miles of ocean starting just 50 miles off the coast of Florida. The archipelago is an ecological oasis featuring 2,000 breathtaking islands and cays that boasts the clearest water on the planet.

Incredible marine diversity is found right beside breathtaking white and pink sand.

Tiger Beach

Exciting new charters to Tiger Beach! Visit the remote areas around the West End of Grand Bahama. These weeks are dedicated live aboard weeks offering up to 5 dives per day. The West End area is rarely visited by guests and is home to many creatures – both large (sharks and dolphins) and small (grouper, snapper, assorted other reef fish). At least one afternoon during the trip will be dedicated to a dive at the area know as "Tiger Beach" where we will try to attract sharks using a "scent triangle" filled with bait. Both Caribbean Reef sharks, Lemon Sharks and Tiger sharks are known to frequent the area.

Please note: All shark interactions are natural, passive and observational in style. The Aggressor Fleet does not actively feed sharks nor chum the waters.- [click here for dive map](#)

The Bahamas and her Out Islands offer a distinct blend of international glamour and tropical

ease. The islands and cays sprawl across nearly 100,000 square miles of ocean, beginning at the northern point east of Palm Beach, Florida and spanning practically 750 miles to the southeast where there come inside 50 miles of Cuba and Haiti.

Best time to dive the Bahamas: Diving the Bahamas is possible year round. There are some fluctuations in the weather, however for the most part these have a minimal effect. **November** brings with it colder fronts occasionally, and the water temperature can drop to 25°C. For 'winter', the temperatures are still at a level to dive comfortably. The warmest water temperatures 30°C occur during the summer months from **June to September**. This is also when the seas are the calmest and visibility the best. However with such incredible conditions, the visibility is still spectacular even during the winter months. **August** is considered to be the month that experiences most storms, although these are also infrequent. Although a year round destination for divers, there are some seasonal factors that could affect the species you encounter. The Bahamas liveaboards visit Tiger Beach to see tiger sharks around the **May to July** period, while **March to June** is the best time for spotting oceanic whitetips. **April** tends to be the best critter time of the year and therefore favored by macro enthusiasts. **May** is an active period for fish and coral spawning.

Water temperature: 25-28°C (summer months), 24-27°C (winter months, with possible 22°C drop in January). 3-5 mm wetsuit recommended

Destination good for: Tiger Sharks, Lemon Sharks, dolphin, grouper, snapper and other abundant marine life

Arrival/Boarding/Departure: The yacht will dock in and out of Old Bahama Bay Resort: Old Bahama Bay. Guests will fly in and out of Grand Bahama International Airport, (airport code is FPO). Transfers are not included. It is about 30 - 45 minute taxi ride to "Old Bahama Bay". The cost is approximately \$75.
