Oversikt

Now's the time to explore Africa on your terms with this tour that's affordable for young travellers. Eight days and endless adventure await you on this compact yet epic journey through Zimbabwe, Botswana, and Namibia. Spot hippos, crocodiles, and elephants wallowing in the water at Chobe National Park, learn about wilderness survival skills from local San Bushmen, and watch the stars light up the sky above as you settle into a wilderness camp in the heart of the continent. In Africa, the best adventures can come in small packages.

Reiseroute

Victoria Falls

Arrive at any time. Tonight, head out with your CEO and group to further explore together in Victoria Falls. Sip a drink at Shearwater Village after your welcome meeting. Sit back, relax, enjoy the rushing sound of the falls, down a beer, and get to know your fellow travel mates as the adventure begins.

Victoria Falls/Kasane

Buckle those seat belts and as the mist from the falls leaves the air cross the border from Zimbabwe into Botswana. Waste no time and choose to take a wildlife viewing boat cruise along the fertile lands of the Chobe River, or choose to hop on a wildlife safari drive in an open safari vehicle in Chobe National Park (it's your best bet to see hippos, crocodiles, and elephants wallowing in the water). Then relax and unwind at camp with your group, telling stories, singing songs, and just enjoying one another's company in this serene country.

You will stay over just outside of the park near the town of Kasane. This afternoon, take an optional wildlife safari drive in the park or an afternoon sunset boat cruise along the Chobe River - it's your best opportunity to view hippos, crocodiles, and many elephants wallowing in the water. You can pre-book the Chobe River Sunset Cruise on the checkout page, or through your Global Connection Officer or travel agent.

Kasane/Gweta

Rise early to the sounds of nature around you and travel south with your group to Gweta. "I bless the rains down in Africaaaaa" ahh we can just hear it now... (and it has never sounded so good!) because surely someone is bound to play this song as you drive through the verdant lands between Kasane and Gweta. Turns out Toto knew what they were talking about because the rains in Africa are no joke. Rain brings life to the pans awakening the dormant fish and aquatic shrimps from the mud. The surrounding grasslands also teem with life and are home to many antelope, which attract a wide variety of predators. Keep your eyes focused as the world passes you by and then reward yourself with a group toast as you camp under the stars shining through the branches of ancient baobab trees.

Gweta/Maun

Wake up to the image of the sun rising behind huge baobab trees and watch as the light turns the landscape varying shades of pinks, oranges, and reds. You can't help but feel completely isolated from the rest of the world in the middle of nowhere... savour that moment. Then it's time to hit the road to Maun where the adventures continue! Set up camp, unwind with your friends or opt to take to the air and book a scenic flight over the Okavango Delta for a bird's-eye view of the fertile lands at your feet. Search for wildlife as you soar through the sky and feel the rush of excitement in your veins.

Book the Okavango Delta Flight extra on the checkout page, or through your Global Connection Officer or travel agent.

Maun/Okavango Delta

Today is going to be busy, but fun! Travel to the Delta then dive right into some nature with a wildlife walk. The cool thing about being on foot is that you will get to learn about tracking the animals and gain insight into their movement patterns and behaviour more than if you were just in a vehicle. Explore the Okavango delta in a traditional mokoro (dugout canoe) to do some birdwatching on the way to our basic bush camp for the evening. Set up camp, and simply unwind with a sundowner around the campfire. Cheers!

Maun/D'kar

Kiss the shores of the Okavango Delta goodbye and hop into a mokoro with your friends on the way back to Maun. Search for wildlife in the reeds along the river as you make your way back towards civilization. Zoom through the western part of Botswana to D'kar; the heart of the Kalahari. Catch a glimpse of how the local San Bushmen adapted to the Kalahari Desert on an optional bushman walk. They will teach you about wilderness survival skills in a place that seems uninhabitable. Then as the day comes to an end enjoy the warm hospitality of the San Bushmen as the group will be staying at the G Adventures-supported Dqae Gare San Lodge & Camp. The best part? You are making a difference in the lives of these people just by enjoying your time at this camp. So sit back allow yourself to become immersed in their history and culture with dance and storytelling around a campfire (can you say best camping spot yet?) as the stars light up the sky above.

D'kar/Windhoek

Stretch those legs, wave farewell to the San Bushmen, and hop in the Lando headed for Windhoek. Laugh, reflect, and listen to each other's stories as you cross the border into Namibia. Check another country off those travel lists and choose to grab one last meal with your travel fam before heading home. Not ready to leave Africa just yet? (Yeah, we don't blame you) talk with your CEO about extending your adventure and get to know Namibia or beyond!

Itinerary Disclaimer

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Important Notes

1. Please note that this tour combines with other G Adventures tours. As such, the staff and some travel companions on your tour may have previously been traveling together with G Adventures, prior to Day 1 of your tour. Likewise, some staff and travel companions may be continuing together on another G Adventures tour, after your trip concludes 2. An essential part of your safari is participation. The group is usually divided into small groups and given different tasks which change on a day to day basis, from kitchen duty group (helping in prepare meals and clean up afterwards), the packing group (sets up all tables and chairs outside) and the cleaning group (which cleans the truck by emptying the rubbish bin and brooming). it is all part of your adventure and when everyone puts in a little effort the trip will run smoothly. Your CEOs will do all the meal preparation, but we do ask the clients to help with the washing up. Team spirit is part of the fun! All camping equipment (with the exception of your sleeping bag and pillow) is supplied. We supply dome tents and assembly/disassembly takes only 5 minutes. All tents have built-in insect nets. Mattresses are also available, which are approximately 4cm thick, warm and comfortable. 3. Sleeping bags can not be rented on any of our Africa overland or safari trips 4. This is not a physically demanding journey; however, travelling can be difficult, with long drives and poor road conditions at times. Despite this, most clients feel that the diversity of the African landscape, countries, culture and wildlife are all well worth the experience. We use a comfortable and safe customized safari truck for the long drives. 5. It may be required to show a Yellow Fever certificate if you are traveling to South Africa from a Yellow Fever endemic country. 6. According to the WHO and CDC, there is no risk of yellow fever in Botswana. Group Leader Description

On this tour, you will be accompanied by two Chief Experience Officers (CEOs). The Chief Experience Officers (CEOs) will be the group manager and leader, cook and driver. They will provide information on the places where we are travelling, offer suggestions for things to do and see and introduce you to our local friends. He/she will take care of the small things so you can concentrate on enjoying your adventure. All of our CEOs in southern Africa are experienced group leaders, with a broad knowledge base of the region's history, cultures, and wildlife. Most of our leaders in the region are from South Africa, though it may be possible that you'll have a leader from another country in the southern African region. All of our overland adventure vehicle (OAV) drivers are experienced in the routes travelled, and highly skilled in dealing with different terrains. All of our cooks will organize and lead the meal preparation, and have experience in cooking a variety of local and international dishes for large groups. We also use local guides for some included activities where we think more specific knowledge will add to the enjoyment of the places we are visiting.

Meals Included

6 breakfasts, 6 lunches, 3 dinners

Meals

As mentioned above, most of the meals on this tour are included in the tour price. When a meal is not included, this is because there are often many options available - we would like to give you the opportunity to explore a bit and test the local cuisine yourself. In these cases, your CEO will be able to suggest some good local restaurants or options for you to choose from. All included meals will be prepared from fresh local produce. The majority of the shopping for foodstuffs will be done before the trip departs, and fresh goods, such as meats, fruits, vegetables, and dairy products, will be bought en route during the trip from supermarkets, local shops and markets. Breakfasts will generally consist of breads and cereals, if time allows a warm breakfast may be prepared. Many lunches will be provided en-route and will be light meals such as sandwiches and/or salads. All evening meals will be freshly-prepared hot meals, and will consist of a variety of continental and local dishes. Our cook will organize the meal preparation and lead the way here, but will prepare a duty schedule for ensuring a fair, rotating participation from you and your group members in the meal preparation and dish washing duties. Vegetarian meals and other dietary requirements need to be specified prior to arrival.

Transport

Lando (overland adventure vehicle), walking, mokoro, safari vehicle.

About our Transportation

We use a custom built 24 seat overland adventure vehicle (OAV) named the Lando, to criss-cross through Southern Africa. The Lando allows the entire group, including your CEO, to travel together, and because of its height, is great for wildlife viewing and for enjoying the scenic landscape. Road conditions can run the full gamut from new to being in very poor condition. This style of travel is by no means luxury but it allows us the flexibility of making stops when needed, and reaching some out-of-the way parts in Africa where the traditional

safari crowd would not dare to go. Here's a quick look at the unique features of the well-equipped G Adventures overland adventure vehicle (OAV): - Storage for your main luggage is accessible from inside the vehicle - Day packs can be stored at your feet or on the luggage shelf above - Onboard safety box for valuables - Front viewing windows and large sliding windows, both great for wildlife viewing - Reclining seats - Fully equipped mobile kitchen - Access to a 250L tank of drinking water - Air-conditioning - Charging station, when available in camp (South African plug - 220-240V) - USB charging ports for every traveller at their seat - Wifi in selected countries, depending on the network reception Please note that our Landos do not have on-board bathrooms. This is not a physically demanding journey; however, travelling can be difficult, with long drives and poor road conditions at times. Please take note of the travel times and distances in the above itinerary, and consider that this is often on poor quality, bumpy roads. Despite this, most clients feel that the diversity of the African landscape, culture and wildlife are all well worth the experience.

Solo Travellers

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

Accommodation

Basic bush camp (1 nt), participation camping (6 nts).

My Own Room

Please note that if you have booked the "My Own Room/Tent" option for this tour, you will receive your own single room/tent for all nights, except for the below.

About Accommodation

Camping in Africa is truly an adventure. You will be able to get off the beaten track to get a first-hand experience of the beautiful wilderness and nature. While camping, we stay at designated campsites in national parks and outside towns. Campsite facilities in southern Africa are generally good, but can be basic in certain places. There are generally small restaurants and/or bars, washing facilities and occasionally telephones available. The camps have flush toilets, and showers at some camps are outdoors, having simple reed enclosures for privacy. Additionally, warm water is available at most sites, but it is not guaranteed to always be warm when you take your shower; the warm water may be used up others who also use the camp. We usually set-up camp within close proximity to the toilet facilities, though occasionally to reach them you may have to walk a short distance. All camping equipment (with the exception of your sleeping bag and pillow) is supplied, including camp mattresses, which are warm and comfortable. We supply dome tents and assembly/disassembly takes only 5 minutes. They are good quality, durable, industry-standard 2-person safari canvas tents. Please note that most adults will not be able to fully stand up inside the tents, though most travellers find these more than adequate, as they have a base area of approximately 4 square meters. These tents are regularly treated with a waterproofing agent, but under certain rainy conditions, the tent fabric may become saturated to the point where seepage or leakage may occur. All tents have built-in mesh insect netting on the windows and doors. We travel with our own portable camp chairs with a comfortable back-rest, and we utilize our own cooking equipment to provide the group good quality camp meals. In camping within the national parks and conservation areas, some camp sites are enclosed for keeping the resident wildlife out. Other camps are open to the natural environment – care must be taken, especially at night, when a torch/flashlight is recommended when walking around the camp area. Your camping experience in the Okavango Delta is fondly called "bush camping". This will be the most basic two nights of our trip, as there is no running water, no showers, nor toilets facilities. You will be truly camping in the wild, away from civilization and its comforts, and completely surrounded by nature – an unbelievable experience some in fact feel is the highlight of the trip. Despite the challenge that a few days "roughing it" may pose to some, the experience of being that close to nature, camping under the African stars, and seeing incredible wildlife at your tent door-step is not just gratifying but ultimately an experience of a lifetime. In Windhoek, we stay in backpacker's (hostels) or small guest houses, which will give us a break from camping and to be better located than the campgrounds in the area.

What to Take

You will be on the move a lot, so our advice is to pack as lightly as possible. Your baggage should be clearly labelled and restricted to one soft compact suitcase (please avoid a hard-top case), or sports bag, maximum 15kg, plus a daypack. Luggage limits on airlines are strictly enforced and space on vehicles is limited. Porters are not often available, so be prepared to carry your own bags. For our camping style tours you will need to provide your own sleeping bag, small pillow and sleeping sheet (if you would like). We provide the tent and the sleeping pads. It is important to pack clothes for warm days and cool evenings, as well as a warm jacket for early morning wildlife safari drives. A set of smart casual clothes is also advisable. During the winter months (May to October), the temperatures can get quite cold in Namibia. It is wise to bring plenty of layers for cool mornings and evenings. A set of smart casual clothes is also advisable. Please be advised that if you plan to bring a drone with you, the use of drones in national parks in Southern Africa is prohibited.

Yellow Fever inoculations need to be administered at least 10 days prior to your entry into the country. Border officials in Botswana have been strictly enforcing these requirements. Travelers without the correct documentation run the risk of being denied entry, and will not be able to continue with the tour. (Any additional travel expenses will be on your own account.) ** ----- This information is accurate at the time of writing, and please contact your local embassy or consulate for the most up-to-date visa requirements and costs, regarding these, and the other countries visited, or see your travel agent. It is your responsibility to have the correct travel documentation.

Detailed Trip Notes

American Dollars that are series 1996 or earlier are not accepted and very difficult to change in Southern and Eastern Africa, as there are a lot of forgeries. REGIONAL INFORMATION Climate Southern Africa is renowned for its excellent outdoor living climate. The winter months are from May to September and are characterized by cold nights and pleasant days. Summer is from October to April and starts off with increasing dry heat and dust. Rains generally only start from mid to late December and last until March; this period is hot and humid. Large parts of Namibia are desert environment, so you will have to come prepared with a three-season sleeping bag and appropriate clothing for the winter season (nights only). Electricity 220-240V, 50 HZ, Most electrical plugs are 15 amp 3-prong with round pins. International adaptor are called for, they can be purchased locally (approx 2 US\$). Language There are multiple official languages in Namibia, Botswana and Zimbabwe, although English is widely spoken. There are also numerous dialects spoken throughout different parts of these lands. ZIMBABWE Full country name: Republic of Zimbabwe (and formerly Southern Rhodesia, Rhodesia, the Republic of Rhodesia, and Zimbabwe Rhodesia) Area: 390,757 km² Population: 16 111 699 Capital cities: Harare People: The country is made up of Bantu-speaking ethnic groups, with the majority of the population comprised of the Shona and Ndebele groups. Languages: Zimbabwe has three official languages: English, Shona (the Bantu language with the most native speakers), and Ndebele (also a Bantu language). In total Zimbabwe as 16 officially recognized languages. Religion: The majority of Zimbabweans are Christian. Major industries: Mineral, gold and agricultural products make up the majority of Zimbabwe's exports. Currency: The Zimbabwean Dollar Officially the Republic of Zimbabwe and formerly Southern Rhodesia, Rhodesia, the Republic of Rhodesia, and Zimbabwe Rhodesia) is a landlocked country located in the southern part of the African continent, between the Zambezi and Limpopo rivers. It is bordered by South Africa to the south, Botswana to the southwest, Zambia to the northwest and Mozambique to the east. Zimbabwe began as the British crown colony of Southern Rhodesia, created from land held by the British South Africa Company. President Robert Mugabe is the head of State and Commander in Chief of the armed forces. Morgan Tsvangirai is the Prime Minister. Mugabe has been in power since the country's internationally-recognized independence in 1980. BOTSWANA Full country name: Republic of Botswana Area: 600,370 sq km (231,800 sq mi) Population: 1.6 million Capital city: Gaborone (pop 192,000) People: Botswana 60%, Bakalanga, Basarwa, Bakgalagadi Languages: English, Setswana Religions: indigenous beliefs 50%, Christian 50% Government: parliamentary republic President: Festus Mogae Major industries: diamonds, copper, nickel, coal, salt, soda ash, potash, livestock processing, sorghum, maize, millet, pulses, groundnuts (peanuts), beans, cowpeas, sunflower seed, livestock Major trading partners: EU, Southern African Customs Union (SACU), Zimbabwe The first inhabitants of Botswana were the San (Bushmen). They still populate the country, but the Tswana tribe is now more prominent. Other tribes include the Kalanga, Nkukushy, Yei and the Herero. The Herero women still wear the full-length Victorian-style dresses, which were introduced to them by German missionaries in the late 1800's, however it is now a tribal trademark. The British controlled Bechuanaland (as Botswana was then known) from 1885 until the country received their independence on September 30th 1966. Ironically diamonds were discovered in Botswana in 1967! Interesting fact – Botswana's diamonds do very well on the International market as they are classified as "Blood free," meaning they are not used to fund guerrilla warfare. Botswana has the strongest economy and currency in Africa, mostly due to their diamonds and livestock. The European Union put many stipulations on their imported meats and Botswana's tight veterinary checks, aiming at controlling foot and mouth, mean that the EU are happy to buy their meat. Agricultural income will improve when they have combated the problem of widespread drought. They are currently installing irrigation systems around the country to try to feed the most water-deprived areas. Botswana handles it's international debt much better than any other African country with the interest being paid with one months export earnings, rather than the six months earnings it takes most other African countries. With the amount of for ex the have saved up the country could survive with no income for 36 months. Botswana has the world's highest birth rate at 3.5%, and average women have 5 children. The country has a strong currency, the Pula meaning rain and the Thebe meaning raindrop. Government policies and poaching: Their policy on tourism is "high cost and low impact" therefore rather having a few less tourists and charging more money for the privilege of a visit to a park or similar. The country has a very good army, which has an anti poaching unit. Poaching has in the past been a problem in the country but in now almost under control. The army is allowed to shoot to kill without asking questions if you are caught poaching. Rhinos are very few due to poaching and they have breeding programs in place. NAMIBIA Full country name: Republic of Namibia Area: 824,292 sq km (318,259 sq mi) Population: 2,032,000 (July 2005 est) 1.820,916 (Census 2002) Capital city: Windhoek (pop 161,000) People: 86% African (50% Owambo, 9% Kavango, 7% Herero, 7% Damara, 5% Nama, 4% Caprivan, 3% San, 2% Baster, 0.5% Tswana), 7.4% mixed, 6.6% white Languages: English, Afrikaans, German, Oshivambo, Herero, Nama Religion: Christian, Lutheran, native religions Government: Republic President: Sam Nujoma Major industries: Meat packing, fish processing, dairy products, mining (diamond, lead, zinc, tin, silver, tungsten, uranium, copper), millet, sorghum, peanuts, livestock, fish, tourism. Major trading partners: UK, South Africa, Spain, Japan, Germany, USA Formally known as South West Africa. The whole territory became German protectorate in 1884, except for the British/Cape Colony enclave of Walvis Bay. After the First World War the territory was administered by South Africa until independence on 21 March 1990. The capital is Windhoek and the second largest town is Walvis Bay, Namibia's only port. Swakopmund is a coastal town with a German influence and revolves mainly around tourism. Namibia's economy relies on diamond mining in the south, cattle farming in the north, fishing along the coast and tourism. Most of the country is desert or semi desert. There is a population of around 1.8 million. This, around 1, 5 people per sq. km is one of the lowest in the world. The official language is English although there are many different cultures including Herero, San, Koikoi, Owambo, Afrikaans and German. Namibia was at one stage a German colony therefore having German-speaking people. About 75% of the locals are Christian and the others have traditional beliefs. Namibia is a land of contrasts. Being largely semi-desert and desert, midsummer temperatures may rise to 40°C, while winter night temperatures can drop to freezing. Along the coast it is cool, with regular morning fogs. Namibia's rain falls in summer, from October to April, and the land averages 300 days of sunshine annually.

Spending Money

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

Money Exchange

The currency in South Africa is the South African Rand (ZAR). The South African rand is also an accepted form of payment in Namibia. The Namibian currency is the Namibian Dollar (NAD), which is equivalent in value (in Namibia only) to the South African Rand. NAD is not accepted as payment in other countries. In Botswana, payments at supermarkets, post offices etc are to be with Pula (BWP) but activities and drinks at campsites can be paid for in USD. Malawi uses the Kwacha (MWK) and Tanzania and Kenya use the Shilling, denoted by TZS and KES. Zimbabwe uses the US Dollar and South African Rand. USD is widely accepted in Malawi, Tanzania and Kenya but some supermarkets might only accept local currencies. Each currency can be obtained locally by changing foreign currency or by using ATMs (where available) which will disperse local currency. Your CEO will inform you where you can change money throughout the tour and approximately how much money you will need. For Zimbabwe, we strongly advise that you bring ZAR or USD from your home country or exchange money before the start of the tour, to avoid delays on tour, as it can be difficult to obtain cash at ATMs. Please note that due to past problems with forgery, \$US notes that are older than year 2006 are not accepted in Africa. Large note (\$US 50, \$US 100 etc) can be difficult to change in some places, but will gain you the best exchange rate. If you plan to buy your visas at borders, you will need to bring \$USD cash to pay for these visas. Please note you cannot use the local currency or any other currency to buy these visas- they must be purchased in USD. Please do not bring Travellers' cheques to Africa. They are difficult if not impossible to exchange in many places. Visa/Plus system cards are the most widely accepted debit cards. It is harder to find machines Mastercard/Cirrus cards. We highly recommend that if you hold a Mastercard, you obtain a Visa card prior to departure and travel with both. This is also useful should something unforeseen happen to one of your cards during your travels. While there are many ATMs in the major centres, there are no guarantees that your credit or debit cards will actually work in Africa. Check with your bank. Credit cards can be used in major cities and towns ONLY but please do not rely on them as a method of payment because they are generally not widely accepted. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. The majority of our optional activities can also be paid by credit card. Your CEO will advise on these. Please note that in many areas there may be occasional power-outages, where there will be no electricity for hours at a time. In addition, ATMs outside of larger centers often run out of cash or can be out of order unexpectedly. These factors could affect your ability to access money from ATMs. As such, please do not rely on credit or debit cards as your only source of money. A combination of foreign currency and debit/credit cards for cash advances is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds. As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com.

Emergency Fund

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Tipping

Tipping is an expected, though not compulsory, component of your tour program. The gesture serves as an expression of appreciation for exceptional service, and amounts given are up to your discretion. Tipping is one of the most direct ways that you can have a positive economic impact within the African community. Although it may not be customary for you, it is an important source of income for those in the tourism industry. Giving a tip should be seen as a formal 'thank you', and the action should in no way be awkward. The best method of tipping someone that has served the whole group is to plan in advance, and not rush when it comes to saying goodbye. A suggestion would be for each group member to contribute anonymously by putting their tip into an envelope. This often works the best and the group should gather to present the gift to the recipient(s), offering their thanks and showing their appreciation. This method brings the action out into the open, allowing for a friendly and appreciative interaction between the group and the recipient(s). You may use the following as a guideline, all given in a per person format: CEO: \$5-8 USD (per day, per person) Local guides: \$2-3 USD (per day) Safari Guide/Driver: \$2-3 USD (per day) Restaurant Staff: 10-15% of cost of bill Okavango Delta polers: 50-100 BWP (Botswana Pula)

Optional Activities

Victoria Falls - Zambezi River Sunset Cruise (50USD per person) - Victoria Falls Visit (30USD per person) - Zambezi Bungee Jump (168USD per person) - Victoria Falls Helicopter Ride - 15min (165USD per person) - Victoria Falls Whitewater Rafting (135USD per person) Chobe National Park - Chobe National Park Safari Drive (40USD per person) - Chobe River Sunset Cruise (40USD per person) Maun - Okavango Delta Flight (120USD per person) Ghanzi - Traditional San/Bushmen Dancing (100-600BWP per group) - San/Bushmen Walk (80BWP per person)

Health

We recommend you contact your family physician, or your local travel clinic for the most up-to-date health information at least one month before departure. Travellers should also carry a basic first-aid kit and hand sanitizers/antibacterial wipes on their travels. Medical facilities are basic throughout these countries. For your own safety, we strongly recommend that you advise your tour leader of any medical condition that may affect you while travelling with the group. Your tour leader will be able to inform you of local health advisories (e.g. drinking water quality). Please ensure you have all the inoculations recommended by your doctor. Yellow Fever Certificate Note: (Updated: May 2017) It is compulsory to show a valid Yellow Fever Certificate if you are travelling to the following G Adventures-visited countries from a Yellow Fever endemic country: - Botswana - Ethiopia - Kenya - Madagascar - Malawi - Mozambique - Namibia - Rwanda - South Africa - Swaziland - Uganda - Zambia - Zimbabwe For some of these countries, proof of Yellow Fever vaccination is also required for passengers who have travelled more than 12 hours through the airport of an endemic country. If other countries not endemic to Yellow Fever have been visited after visiting an endemic country, then a Yellow Fever certificate may still be required on entry. Please check country-specific regulations before your departure. Malaria Malaria is a mosquito-borne disease that is present in some regions in Africa. Risk of malaria can increase during periods of heavy rain, during the rainy seasons, and in densely populated areas of Southern & East Africa. To prevent malaria, we recommend speaking to your doctor about taking preventative medication (prophylaxis), combined with regular use of insect repellent spray/cream. Please check updated travel health advisories specific to malaria before your departure.

Safety and Security

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions. Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately. Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water

based activities that are not accompanied by guide(s). Swimming, including snorkeling, is always at your own risk. We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit: www.gadventures.com/travel-resources/safety/

Trip Specific Safety

Some precautions you should take while in major cities are: *Always leave your passport (It's better to carry a photocopy of it instead), traveller's cheques, flight tickets and money that you won't be using in the safe deposit at the hotel reception. This is free of charge to G Adventures clients. *Remember that like in any other city, you should never leave your bags unattended, nor flaunt jewellery, cameras etc. *Please don't wander through the city to unknown areas especially at night. Stick to the main streets only during the day, and after sundown, please take a taxi. Taxis can be organised from reception. Also, take the address of the hotel with you. *People are generally friendly, but don't let people take advantage of you, especially the sales people! * Beware of people approaching you on the street with an apparent interest of where you are from, and want to sit down and have a chat with you. These people are con men and will ask you for money. * People on the street who ask you if you want a safari and have a brochure are often conmen, best to avoid these folk. Besides, you're already on safari. PHOTOGRAPHY: Please do not take photo's of Police stations or at Cross borders Airports, army barracks and personnel or any Government building. It is against the law and will result in the minimum of your film and camera being confiscated. In rural areas it is generally much safer, but you should always take your cue from your CEO, who will advise when to be extra vigilant and when to relax. Please note that the use of drones in national parks in Southern Africa is prohibited.

A Couple of Rules

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

Travel Insurance

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your CEO, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
