which have become the favorite swimming, snorkelling, and diving destinations of local residents and tourists. These islets are the Cannon (Cowrie) Island, Bat Island, Lu-li Island, Meara Marina, Starfish Island (known for its fine white sand and clear water that teems with starfish), Snake Island (an island with a long stretch of fine white sand shaped like a snake), Pandan Island, and Senorita Island (the breeding site of lapu-lapu fish). Honda Bay is also excellent for dolphin watching, fishing and water sports.

Two hours (80 kilometers) from the city of Puerto Princesa is the Subterranean River National Park - a world heritage site. This natural wonder features an 8.2 kilometer navigable underground river, reputed to be the world's longest, that winds through a spectacular cave before emptying out into the South China Sea. This river flows within a deep cavern under rugged limestone and marble cliffs, special features of the park. Known as one of the world's wonders, this river stretches eight kilometers deep into an underground lagoon with crystalline waters. Within the hallowed recesses, one winds through the tunnel aboard a paddle boat with outriggers to be enthralled at every turn which reveals stalactite pillars, rock formations, and domed amphitheaters.

## Day 1:

Take a short flight from Manila to Puerto Princesa. Transfer to the Legend Palawan Hotel (or similar) for accommodation. In the afternoon, tour the sights of the city, including the State College museum, the crocodile farm, the pineapple fiber weavers, the market and the Iwahig Penal Colony that is known as the "prison without walls" as this is a village where prisoners on good behavior live with their families and work in the farms. Return to the hotel at the end of the tour.

## Day 2:

After breakfast, depart for Saint Paul Subterranean Park where, an 8-km paddle boat ride in an underground river takes you to a bat-filled cavern of fluted columns and piped walls. The river is long but the boat ride is limited only to that part which has already been explored. The paddle boats are handled by English-speaking guides who extensively describe this natural wonder, and electric torches are provided so that everyone can see the magnificence of the rock formations in the cave. At the end of the boat ride, board the outrigger boat for Sabang where lunch will be served in a seaside resort. Return to Puerto Princesa in the afternoon.

## Day 3:

Transfer to the pier to take motorized boats for a whole day island-hopping excursion at Honda Bay, which has several islands and islets located off the mainland of Puerto Princesa namely Bat Island, home to thousands of bats that live on trees and fly out at night in search of food; Snake Island is so named because of its shape and other islands such as Pandan, Starfish, and Luli. There are ample opportunities for snorkeling, swimming and sunbathing. Enjoy a picnic lunch on one of the islands before returning back to the mainland.

## Day 4:

Enjoy the rest of the day free at leisure while waiting for transfer to the airport for flight back to Manila.
